

## 2024 BY THE NUMBERS

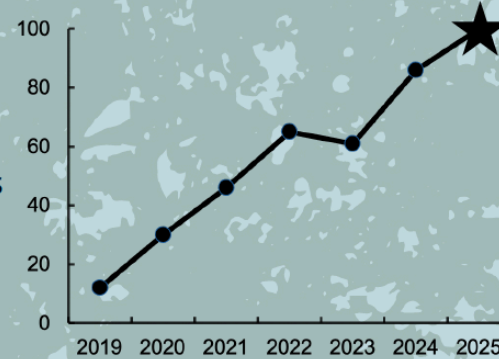

**293** Community Conservation Members

Homeowners dedicated to restoring Valley lands through stewardship efforts and native plantings.

**81** Kestrel Chicks Hatched in Hopewell Valley

We are proud to have the most successful kestrel nest box program in the state! This year we hatched a record number of chicks and in 2025, we plan to increase our efforts to Hatch A Hundred kestrels!

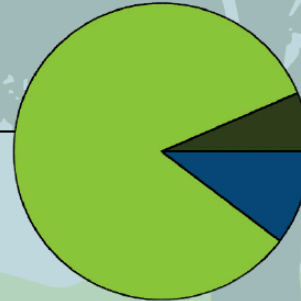

**1,335** Volunteer Hours

Corporations like Bloomberg, Bristol Myers Squibb, Church & Dwight, as well as school groups and community members support our mission!

Over **\$1 Million** in Grant Awards

Protecting Natural Resources  
\$1,112,160

Operations & Development  
\$86,250

Land Preservation  
\$137,500

**37** Miles of Trails

**2** New Species Monitoring Efforts

Reptile Rescue continues to grow! We found our first Wood Turtle this fall, kicking off our new radio-tracking study! Next year, we will also begin surveys for Long-tailed Salamanders.

**75,145** Native Plants

The 2024 annual native plant sale added over 7,000 plants to homes across Hopewell Valley!

**45** Preserves and Easements

**3,799** Acres of Open Space
